BUREAU OF ENERGY EFFICIENCY

(Government of India, Ministry of Power)

31st December, 2019

Important Instruction to all Pump sets manufacturers and permittee :

The effective date for implementation of revised energy consumption standard for all the three categories of pump sets has been extended to 1st February, 2020, and all the existing star labelled models of Agriculture pump sets as per existing energy consumption standards will automatically expire on 31st January, 2020.

Manufacturer/ Permittee wishing to continue the star labeled production of the model already approved by BEE (registered models tested as per IS 8034:2002, IS 14220:2002, IS 9079:2002 in NABL accredited Labs for all the three categories of pump sets) has to apply for reallocation and get models approved as per the revised energy consumption standards (amendment no. 4) before 1st February, 2020. Portal for reallocation will remain active till 31st January, 2020.
